

PALE SCHOOL CHILDREN

This is the time of the year that school children grow pale. Confined indoors, for many hours a day, studying at night, perhaps, deprived of much out-of-door exercise, their blood grows thin. Compare your child's complexion with what it was last summer. Probably you have not realized how thin the blood was getting because the change was so gradual. When a child formerly bright and active loses color and finds play an effort, but prefers to sit still and read, there is every reason to suspect that the blood is getting thin, that the child is anemic. Sometimes there is headache and nosebleed. These confirm the suspicion. It is a condition that is full of danger, for thin blood is an open door to many diseases, especially during changeable weather. But it is a condition that is easily remedied if taken in time. Dr. Williams' Pink Pills can be obtained at any drug store. A fifty-cent box contains about two weeks treatment and these pills are a great blood-builder and invigorator. They are just the sort of non-alcoholic tonic that many children need.

Write today to the Dr. Williams Medicine Co., Schenectady, N. Y. for the free book "Building Up the Blood" and learn all about the treatment. A diet book will also be sent free on request.

Worms Sap Children's Health

Mothers often wonder why their children are not rugged and hardy. In a vast number of cases the trouble is—Worms.

Signs of worms are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching Trade Mark eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red spots sticking out on tongue, starting during sleep, slow fever.

Dr. True's Elixir, the 60 years' time-tried Family Laxative and Worm Expeller, will expel the worms and restore the vim and vigor to your child. Good for adults also. Mr. Horace Chenevix of Belmont, Maine, reports that he buys 12 bottles at a time. 35c, 50c and \$1.00 at all dealers. Advice free. Special treatment for tapeworms. Send for book.
